Internship Certificate

This is to certify that **Mirunalini A** has successfully completed an internship at Qmax Test Equipment Pvt Ltd from **15th May 2025 to 16th June 2025**.

During her internship, she was in the IC model Development team and she has

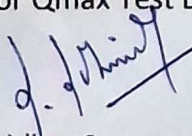

- 1) Gained knowledge of automated test equipment (ATE), focusing on IC model programming and the importance of AC/DC parametric testing for integrated circuits.
- 2) Acquired hands-on experience in interpreting IC datasheets with respect to functionality, working with IEEE VHDL, Python scripts , and performing functional verification testing with Integrated Chips (IC's)
- 3) Gained Hand-On experience skills in using graphical "learn and compare" techniques for integrated circuit (IC) validation.
- 4) Demonstrated a strong understanding of digital IC behavior through fault coverage analysis and diagnostic techniques.

Her enthusiasm and willingness to learn were commendable throughout her internship. She actively sought guidance and support from the team at Qmax Test Equipment Pvt Ltd, which greatly contributed to her professional development.

Her exceptional work ethic, teamwork and adaptability were consistently demonstrated and appreciated by her supervisors and colleagues.

We hereby present this internship certificate to her as a testament to her successful completion of the internship program at Qmax Test Equipment Pvt Ltd.

For Qmax Test Equipment Pvt Ltd,

Sridhar S
Assistant Manager – HR
